Community Map Featuring Our 2014-2018 Results

DEAR FRIENDS AND NEIGHBOURS

I am excited to share with you that in July I received acclamation as your Ward 6 Councillor.

Newmarket's strong reputation is a result of our engaged residents and wonderful volunteers. It is a pleasure to be part of a community that comes together to help each other.

Over the past four years, together, we have achieved great results for Ward 6. From enhanced road safety including additional speed boards, stop signs, safer school zones, crosswalks and crossing areas to new parks and playgrounds, a volunteer community ice rink, and our first town run fitness facility. It is an exciting time with two large recreational projects now underway; the development of our first Ward 6 splash pad and Mulock Farm Estate.

I want to thank our Ward 6 residents. I feel fortunate and blessed to live and raise a family alongside caring people who share a common goal of building a safer and healthier community. It is an honour being able to work for Ward 6 and contribute to a stronger, better Newmarket. I look forward to expanding on our vision for Ward 6 with you.
